EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows: claim 1 has been amended to clarify the claim by adding, in the line starting with "B. about", after the phrase "about 40.0", the phrase --- wt% ---. Claim 1 is further amended to fix a contradiction in the total of the components by making the limits of component C. --- about 20.0 to about 80.0 wt% ---. This is necessary since the other components can be at most a total of 80 wt%. Claim 9 is amended to coordinate with claim one from which it depends by changing the phrase "about 10.0 wt%" to ---about 20.0 wt% ---.

The specification has been amended to include a brief description of the drawings by adding, on page 3 after the phrase "(E) mixtures thereof.", a new paragraph as follows:

--- Brief Description of the Drawings

SEM images of Figures 1- 3 demonstrate that the compositions of Examples 1 and 2 according to the present invention, containing oxidized olefin polymer material and maleated polypropylene, have improved surface smoothness relative to that of Comparative Example 6.

REASONS FOR ALLOWANCE

2. The following is an examiner's statement of reasons for allowance: the claimed combination of the oxidized olefin polymer with the specific grafted propylene polymer is neither taught nor rendered prima facie obvious to one of ordinary skill in the art from the closest prior art as cited.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Bernard Lipman whose telephone number is 571-272-1105. The examiner can normally be reached on 8-5 Mon-Fri.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, David Wu can be reached on 571-272-1114. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
